Amberwood is a fairy tale merging of sturdy sans serif and calligraphy. With a unique blend of deliberate curves and a solid seat on the baseline, it resembles tall trees in a dense wood. This font exudes a whimsical yet sophisticated charm that's perfect for making enchanting projects.

Whether you're designing a fairy tale book cover, crafting a fantasy logo, or creating eye-catching packaging for food or beer, this font will add a touch of "ye olde awesome" to your designs. Its slender form makes it ideal for headlines, titles, and logos, and its distinctive character gives your text a unique and creative edge.

## ABOUT THE DESIGNER

Hey! I'm Alanna Munro and I am a type designer and lettering artist from Vancouver, Canada. If you happen to meet me at a party and start a conversation about fonts, you are in for a long night :P

I started (my very originally named) Alanna Munro Type Foundry in 2020 as a place to offer fonts made with curiosity and enthusiasm to designers and organizations like you! When I'm not working with letters you can find me hanging out with my husband and two energetic children, jogging around the neighbourhood, gardening, and/or playing video games.
